KABIR KHAN

ART + DESIGN
PHOTOGRAPHY

DESIGN PORTFOLIO

WE CREATE SOLUTIONS
THAT HELP BUSINESSES GROW

About Kabir A. Khan :

I have had a gratifying career as a Creative and Art Director with a history of building well known brands for international clients for more than two decades.

Passionate and experienced Art Director with a proven track record of successfully leading art direction for projects, and achieving high levels of client satisfaction. Adept in overseeing all visual aspects of a project and offering design solutions when needed. Bringing forth strong leadership skills, and the creativity necessary to effectively oversee creative development and design processes.

I am used to working with deadlines and know how to handle the pressure that comes with this role. I have worked closely with marketing and advertising departments while motivating, inspiring, and driving copywriters and designers to meet expectations, budgets, and deadlines. My portfolio covers a broad range of creative works.

Kabir Khan Photography :

Along with designing, I am also a commercial photographer who strives to bring a fresh and natural style to portraiture, event, editorial, product, interior & landscape photography in the Middle East. This work has been published in numerous consumer & trade publications, corporate brochures, annual reports and corporate websites.

As an accomplished professional photographer, I have captured many different assignments and subjects both in studio and on-location in the last 12 years, along with being a member of the Photographic Society of Karachi, Pakistan, as well as participating in a number of exhibitions. By accepting challenges, I aim to get opportunities everywhere in the world to further my ambitions as a world-class photographer.

Where It all started.

The story starts in 1964 in the southern port city of Karachi, where **Mr. Habib Charania** starts with a single store dealing in tires of all kinds. Over the years the company has blossomed into an integrated company specializing in Radial tires as a distributor of MICHELIN in Pakistan and Afghanistan.

TIRE WORLD General Trading LLC is the flagship company of the CHARANIA GROUP. The group has a international presence in fields as diverse as Tires, Real-Estate, and Power Distribution and maintains a presence in Pakistan, UAE and the US. The group is today headed by its Chairman and CEO Mr. Anis Charania who succeeded his father Mr. Habib Charania (a legendary figure in the tire industry of Pakistan) in 1997
